DEPARTMENT PROFILE

About the Department

Established in 2008, the Department of History aims at building an academic community of students and teachers who are devoted to an open critical and analytical study of the discipline. Furthermore, the department aims to engage the students within the classroom setting and facilitate their academic endeavours outside the classroom. The outcome of these efforts was exceptional as it ensured the ardent students' participation in visiting the library regularly and reading books beyond the rigid curriculum. The department looks forward to teaching students who are eager to study history and acquire a broad understanding of historical ideas, social and economic developments, and popular movements.
